HAND DELIVERED

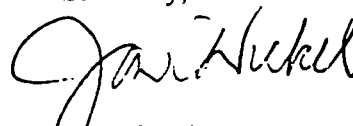

Re: Revised CRIS Forms and Archival Photographs
East Helena Smelter, Phase 1

Dear Mr. Warhank:

On September 23, 2008, Asarco submitted to EPA Arcadis's Phase 1 Historic Recordation Report and electronic scanned copies of the engineering designs in support of the East Helena Smelter Historic Recordation Phase 1 project. Linda Jacobson, United States Environmental Protection Agency, indicated that this submittal was hand delivered directly to you.

Per Linda Jacobson's request, I am submitting revised CRIS Forms and archival photographs with hand-written notations on each. Please return the notebook of archival photographs and CRIS forms that were previously provided by Linda Jacobson to you and substitute them with the enclosed new versions. You can contact me at (406) 227-4529 to arrange a convenient time for me to retrieve the original versions.

Sincerely,

Jon Nickel
